

SANDRA AND OLGA

About a year ago I got to know two little girls whose mom took them to the camps each day to work the fields picking vegetables. Olga was five and Sandra seven. They were beautiful little girls missing the opportunity to learn to read and write and get an education. Without this knowledge we knew they would be relegated to a life of poverty, leaving them with little opportunity for success in any area of their lives.

So, with an army of good people backing us, we put them in school and provided them with school supplies, clothes and shoes, uniforms, and lunch. We also provided them with the knowledge of how to make and sustain friendships; and how to study and learn. In 2015 Olga will move on to 1st grade and Sandra to 3rd. Their lives are very different now, thanks to the love and generosity of this army of people.

I, along with friends in the United States, founded **GIVE HOPE GUATEMALA EDUCATION FOUNDATION** so that we could put children in school. Depending upon their needs and resources, we send them to any one of the schools here in Patzicía. We have children in *Colegio Mesoamericano, Bethel* and *Mesias*.

If you have ever thought about making a difference in the life of a child, please **GIVE HOPE** to one of our children. **WE NEED YOU.**
